

# 5 Year Warranty

## 5 YEAR STRUCTURAL WARRANTY RESCUE / COMMAND TRAILER

This Warranty ensures Unruh Fire's corporate or governmental purchasing customer that the Unruh Fire rescue or command trailer identified by:

Serial NO \_\_\_\_\_

is sold free of structural defects. All removable hardware and equipment, door, hinge, latch, lock assemblies, mechanical items, electrical components, and surface finishes are excluded from this Warranty. There are no warranties beyond those expressed upon the face hereof, upon other Unruh Fire warranties, if any, directed to components associated with said trailer, and other manufacturers' warranties, if any, directed to installed equipment.

This Warranty is limited to repairs to said trailer upon the event that Unruh Fire's examination discloses material or workmanship defects. Unruh Fire shall have the option to replace the trailer in lieu of any repair.

This Warranty shall expire upon the fifth anniversary of the date of delivery. Any modifications to the trailer invalidates this Warranty. Unruh Fire reserves the right to require any repair or replacement to be made either at an Unruh Fire affiliated service facility or at another service facility which Unruh Fire may designate at its discretion. Transportation costs to and from the designated servicing location shall be the responsibility of the customer.

Where a damaged or degraded condition of the trailer arises in connection with or occurs coincidentally with theft, vandalism, riot, explosion, fire, misuse, accidental impact, corrosion or an "Act of God" such as earthquake, lightning, windstorm, hail or flood, Unruh Fire reserves the right in any event to declare that such condition does not constitute a covered material or workmanship defect.

Loss of time, loss of use of the trailer, inconvenience, travel costs, lodging, food, and any other item of consequential loss which may be causally related to defects in the trailer are excluded from coverage hereunder. Nothing contained in this Warranty shall make Unruh Fire or any other person or entity liable beyond the express provisions and limitations hereof for loss, injury or damage of any kind to any person or entity.

From time to time, Unruh Fire may implement design changes directed to its manufacture of similar trailers, and no such change shall infer that the trailer identified above includes any covered defect.
